Docket No. 98-N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I object to the FDA limiting MY freedom of choice. My compounded medication relieves my symptoms and makes it possible for me to live normally throughout the month. The Madison Pharmacy Associates has been in business for 20 years and has been a godsend to people like myself. Large drug companies make millions and that isn't enough, they also want to rob me of my freedom of choice and money. Enough is enough! We need small businesses who have the best interests of their customers at heart.

Sincerely,

Donna M. Wadman
